## Topics Discussed:

- DFD and state chart diagrams.
- ERD Diagrams.
- Sequence & Collaboration Diagrams.
- Revision of final document.

## Decisions Made:

- This week was intense for the group, we organized two meetings regarding the uml diagrams with the purpose of revising the work of each other.
- Prepared a final draft for DFD and state charts.
- Finished working and analysing the ERD, sequence and collaboration diagrams (FirstDraft).
- Revised the final document and made necessary changes.

## Tasks Assigned:

- Divided the UML diagrams duties part 3 of the Software Design.
- Arlinda will work on object diagrams (with Lisbora).
- Belinda will work on class diagrams (with Xhesjana).
- Elton will revise the collaboration and sequence diagrams for a final draft (with Saimir).
- Lisbora will work on object diagrams (with Arlinda).
- Saimir will revise the collaboration and sequence diagrams for a final draft (with Elton).
- Xhesjana will work on class diagrams (with Belinda).
- All together will fix any mistakes made with the previous duties after consulting with the professor during the lab hour.

**Time, Place, and Agenda for Next Meeting:** Sunday, May 24 - Google Hangouts.
